The large space demanded for advertisements in THE SUNDAY TRIBUNE compels us to request of advertisers that they will endeavor to have their announcements as much as possible, and hand them in at an early hour. Their number and great variety render a good deal of time for the proper classification, to give them due prominence, and the suggestion is made, therefore, in the interest of the advertisers as well as of the readers of the paper.

FAMILY RESTORATION OF OTHER PROPERTIES. LONDON, March 24.—[1:30 P. M.] Latest telegrams by the evening mail tend to the conviction of the early formation of order in Paris.

IN THE NATIONAL ASSEMBLY.

VERSAILLES, March 23.—In the National Assembly to-day, the government proposed a law for the organization of the volunteers, which was adopted. Under its terms every department of service is to send to Versailles immediately a battalion of fifteen members of the Assembly, to proceed to Paris and assist in restoring order, and was partially constituted.

The many rumors of strong discontent in Paris, who are compelled to find safety in flight from the terrors were invited to take seats in the Assembly, and they entered the chamber there was great applause from the Deputies of the Left, while those on the Right protested against the action of the Left. A scene of tumult ensued, lasting until midnight.

THE GERMAN WARNING.

LONDON, March 24.—Despatches from Berlin announce the terms of the warning given by the Germans to Paris. The announcement, as officially stated, is to the effect that, if any attempt is made by the Parisians to fire on the German troops, the forts will be at once turned upon the city. No time for the execution of the threat is specified.

WORKMEN'S MEETING.

The unemployed workmen of Paris were to hold a public meeting yesterday. The call for the meeting was of the most inflammatory character.

VOLUNTEERS WANTED.

The Mayor of Lille has issued a proclamation, calling volunteers to march on Paris.

SOCIETY.

Echo du Nord published a letter from Chevalier to President Thiers, denying that Rouher is in any way responsible for the disturbances in Paris.

NOTICE TO GERMANS.

The Prefecture is given that Germans going to France cannot have their passports vised, and if they go without them they are liable to be stopped at the frontier. The reason is that the French authorities are unable to give efficient protection to foreigners residents in France.

REACTION IN FAVOR OF THE EMPIRE.

PARIS, March 24.—The reaction in favor of the Empire gains strength hourly, and things Thiers are daily receiving contempt. The *French Rag* endeavored last night to stimulate Communism, but failed.

THIRD REVOLT BY DESCRIPTION.

LONDON, March 24.—The latest special despatch from Versailles says the Communists have made a train *en route* with prisoners to Versailles.

LEGAL ON THE GOVERNMENT.

The release of the prisoners of the sixty-fifth Regiment of the line restored all efforts to induce them to join the insurgents, and upon their release the Versailles were received enthusiastically by the authorities, people, and troops. Their officers were at once promoted.

CONSIDERABLY OFFICIAL ARRESTED.

The insurgents in the Place Vendôme were reinforced on Thursday with two guns. The insurgents have compelled the Mairies of the Arrondissement of Passy.

ROYAL STUDENTS.

They failed to notice the scholars of the Polytechnic, who have obtained a week's holiday to assist the Government in the work of the day. The Polytechnic, where there is a large force and great ammunition, in expectation of an attack from the Versailles.

THE PRUSSIAN NOTE.

The Republicans and the insurgents pay no attention to the Prussian note. The Republicans consider it a Prussian support completely on the part of Prussia with the Versailles.

The London Telegraph's special despatch gives a statement published by the commander of the Prussian troops, that the Prussians will not interfere with the Republicans. He says the people will make the Republicans against his force unless they fire on the Prussians, and then but little, killing one of a combatant.

Special Despatch to The Chicago Tribune.

WASHINGTON, March 24.—SENATE.—Mr. Sumner's proceeding in getting his San Domingo resolutions before the Senate was unfortunately preceded by a fact, not to be understood, to was fought at every point by his Democratic colleagues, and by a majority of the Republicans. Every conceivable motion was made to defeat the measure, and every parliamentary resource was exhausted before any action could be taken upon them. Immediately after the session opened Mr. Sumner moved that the resolutions be printed. Mr. Conkling moved to amend by adding the words "and referred to the Committee on Foreign Relations," which, by depriving the resolutions of their privilege, would have postponed action upon them indefinitely. Mr. Sumner argued that the resolutions were of such importance that they should be printed at once, and that they came within the restrictions imposed by Mr. Anthony's resolution on business of the present session. A protracted discussion followed, in which Senators Conkling, Anthony, Edmunds, and Chandler participated, during which several Senators impatiently sought to enforce the cloture resolution. After the debate had gone the regular hour, Mr. Sumner moved to suspend the rules in order that the resolutions might be printed at once, so as to enable Mr. Sumner's colleagues more accurately to understand the subject. Mr. Conkling objected to the motion, and the resolutions were referred to the Committee on Foreign Relations, which would have reported favorably upon them, but for the fact that it is composed of a majority of Senators who are opposed to the annexation of San Domingo. Mr. Sumner then moved that the Senate proceed to the consideration of the bill to repeal the Tenure-of-Office act, which was objected to by Mr. Conkling, on the ground that the bill was not before the Senate in regular order. Mr. Sumner then moved that the Senate proceed to the consideration of the bill to repeal the Civil Rights act, which was objected to by Mr. Conkling, on the ground that the bill was not before the Senate in regular order. Mr. Sumner then moved that the Senate proceed to the consideration of the bill to repeal the Civil Rights act, which was objected to by Mr. Conkling, on the ground that the bill was not before the Senate in regular order. Mr. Dawes moved to lay the bill on the table.

Mr. Kelley demanded the yeas and nays on the motion to lay the bill on the table.

MORNING SESSION.

The Board of Supervisors met again to-yesterday forenoon, at 10 o'clock, President Wales in the chair. Fifteen members were present. The roll was called, but many of them were struggling in between the lines of the session.

The Committee on Finance submitted the following report:

The Committee on Finance, to whom was referred the petition of the Board of Trustees of the Insane Asylum, praying for an appropriation for the erection of additional buildings for the accommodation of the insane, respectfully report that they have had the same under consideration, and have called on the Trustees of the Asylum to know what, if any, arrangement should have been made upon the subject by the Board of Trustees, and they are informed by the Trustees that no arrangement has been made, owing to the pecuniary embarrassment of the Board, and the fact that the property was sold on May 1, 1871, for $1,045,000, given by the agent of Lake, Cook county, Illinois, and that the Board is now in the process of locating the lands, and the erection of temporary buildings for the insane, to take such improvements for which said sale was made, and that the Board of Trustees, therefore, decline to recommend any appropriation for the erection of additional buildings at present, but recommend that the petition be referred to the Board of Trustees, with instructions to proceed with the erection of such buildings as may be necessary for the accommodation of the insane, as directed by the Building Committee and Mr. Mosser, Architect, under the direction of the Board of Trustees, and that the same be furnished by Middleton & Son, under the direction of the Board of Trustees, and that the Comptroller, accepted May 5, 1870, at the request of the Building Committee, instructing Mr. Middleton to proceed with the work, and that he have been upon the subject for the purpose of ascertaining the cost of the same, and that the Trustees have been informed by the Building Committee that the cost of the same will be $100,000
